## PAINT THAT LASTS

To preserve your house—your property—your dollars, you might say— you must use paint. To do so economically the paint you use MUST have lasting qualities. Remember, poor paint costs more than good paint, for the work has to be done oftener. Start right by getting

### Horse Shoe Paint

and you can make up your mind it's on to stay. The reason for this is plain. Every possible shade of Horse Shoe Paint is composed of the strongest and best materials known in the science of paint making—it contains no cheapening or adulterating materials whatever. It has strictly Pure Zinc and White Lead as its base. Add to this Pure Linseed Oil—crushed by the manufacturers themselves to insure its purity—then the necessary drier and coloring matter and you've got the best paint that money, brains and material can produce.

Horse Shoe Paint has stood the test for 20 long years—it's a proven paint—and is sold in almost every town and city in the United States. Should not that fact alone convince you that Horse Shoe Paint gives satisfaction beyond question? Horse Shoe Paint does all we claim—we guarantee it to be pure and to wear. Horse Shoe Paint is absolutely honest; you buy it subject to chemical analysis and it's paint that lasts.

Paint your house with Horse Shoe Paint this season by all means.

### Do You Know?

That the average house is not painted more than once in every five years?  
That the average house does not take over ten or twelve gallons of Paint to paint it?  
That it costs just as much, if not more, to spread poor Paint as good?  
That the labor in painting a house is far more than the cost of materials used?  
That the price per gallon of a Paint is frequently misleading, and that the best Paint (which is naturally the most expensive Paint) is more economical in the end?  
That the RED HORSE SHOE BRAND of Paint is as near perfection as a Paint can be made?  
That the above statements are true, and that you are wasting time and money in using any Paint but the best?

### NEGRO BOY WAS SHOT

Eight Year Old Ira Martin Shot By Twelve Year Old Willie Green Saturday Morning.

Saturday morning, about seven miles east of Palestine, a little eight year old negro boy named Ira Martin was shot by another negro boy, aged twelve years, named Willie Green. The shooting was done with a little five-shooter revolver. It seems that no one beside the boys were present when the shooting was done, and they tell different stories. The little fellow who was shot says the larger boy sent for him to come over to his house, saying he had something for him, and that when he got there he pulled the revolver on him and said he was going to shoot him, saying his mother had told him to. He snapped the pistol at him twice, according to the injured boy's story, and the pistol failed to fire each time. He then took the pistol apart and loaded it. When he did this the smaller of the boys turned to run, when he says he was shot in the back. The boy who did the shooting says they were scuffling over the pistol when it was discharged. He says the small boy took the pistol and started to carry it away, when he tried to take it away from him.

The boy who did the shooting was brought to the city and lodged in jail, and will be given a hearing in Justice Phillips' court tomorrow morning.

### WEATHER FORECAST.

(Issued at New Orleans.)  
For Palestine and vicinity:  
Tonight and Tuesday cloudy weather.  
Minimum temperature, 72.  
Maximum temperature, 86.

### Weather Conditions.

A storm trough extends from the Canadian northwest border to West Texas, with its center over El Paso. It is raining this morning at points in East Texas. Showers have fallen in the past twenty-four hours over the Central Rocky Mountain states, the West and Southwest. A storm over Virginia and North Carolina has caused showers also at scattered points in the eastern cotton belt. The high pressure area is over the upper

valleys, attended by a temperature of about 50. The coldest, 42 degrees, is in Nevada. The temperature line of 70 degrees extends through New England the central portion of the Atlantic and Gulf states.

Cloudy weather is indicated tonight and Tuesday, with some probability of a shower tonight, in the vicinity of Palestine.

G. HASS HAGEN,  
Official in Charge.

### Getting Ready For Them.

Jacksonville, Texas, June 13, 1908.  
Mr. B. M. Anderson, Secretary and State Organizer Texas Home Canners' Association, Palestine, Texas.  
Dear Sir:—We are especially interested in the coming annual meeting of your association at Jacksonville, July 2nd and 3rd, 1908, and in order that we may be in a position to effectively meet your wishes in this connection, would be pleased to have your estimate of the number of members you expect to be present on these two days, also a copy of your program, as soon as it has been arranged; also, if you can consistently do so, a list of your membership, showing their postoffice addresses, and we shall interest ourselves by taking up with each one direct, with a view of having as large an attendance as possible. Any suggestions you may be in position to make that will assist in the matter will be thankfully received, and we shall make special effort to carry them out.

Thanking you for the information, and with best wishes for success of the meeting, we are,

Yours truly,  
Jacksonville Ten Thousand Club.  
G. W. EMERY, Secretary.

## We Have Just Received A Full Car Load Of This Celebrated PAINT

And are prepared to fill any order, large or small. We want also to call special attention to "TO-WAUK-ON" Floor Stain. It is called floor stain because for this purpose the very best varnish is necessary. It is equally as good for all other purposes. We keep constantly in stock a full line of

Buggy Paints, Lead, Zinc, Varnishes, Linseed Oil, Turpentine, Enamel, Bronze, Glue, Shellac, Paint Brushes, White Wash Brushes—in fact, everything sold in a first-class Paint Store.

### BRIGHTEN UP YOUR HOME.

It doesn't take much trouble and costs very little. For borders around rugs use "TO-WAUK-ON". It's a fine grade of Varnish with coloring matter ground into it so that instead of painting the floor and then varnishing it, you do both in one operation. It gives a rich shiny effect, and is put up in eleven pleasing shades. It's just as good for furniture as for floors. By using it you can get a great deal of pleasure at little cost. Remember the name "TO-WAUK-ON"

### LIFESSENTENCE FOR TUBBS

Jury Was Out Three Hours Saturday Afternoon—Motion For New Trial Was Filed.

The jury in the case of the State vs. Sam Tubbs, on trial in the district court all of last week, was given the case shortly after noon Saturday, and after being out for three hours returned a verdict fixing the defendant's punishment at a life term in the penitentiary. It is understood the first ballot taken by the jury stood five for hanging and seven for a life sentence. The latter punishment was finally agreed upon. The attorneys for the defense filed a motion for a new trial this morning, and the motion will be argued before Judge Gardner some day this week.

The trial attracted more interest than any case tried in the local courts in the past several years. Tubbs was convicted of the murder of Constable Dave Pierce at the prisoner's home at

Frankston, while the officer was in the discharge of his duty. The defense set up a plea of insanity.

### Joining Good Sidewalk Builders.

Mr. Leo Davidson has joined the army of good sidewalk builders, and is putting down a sidewalk to conform with those already constructed on Magnolia street. Let the good work go on.

### Y. M. C. A. Auxiliary.
